

Part of an established service

Te Tahi Youth has provided free youth health and wellbeing services in Ōtautahi since 1995.

3,459 in-person clinical appointments delivered annually.

570 enrolled clinical patients, **40%** of which reside in East Ōtautahi.

50% of clinical appointments involved mental health.

Te Tahi Youth | Building Better Futures Together

tetahiyoung.org.nz

\$3,000 equips a clinical room. Thousands of young people benefit.

Help us open the doors to Te Tahi Youth at Eastgate fully equipped and ready to provide care from day one.

Te Tahi Youth is nearing completion of its new purpose-built youth one-stop shop at Eastgate Mall. The new site will bring medical care, mental health support, counselling, youth work, career and training support, and other services together in one accessible location.

Four dedicated clinical rooms will enable our nursing and GP teams to provide free healthcare to rangatahi as part of this integrated service.

Your \$3,000 will equip one clinical room with:

Medical examination bed | Blood pressure, temperature & other monitoring equipment | General clinical supplies

Everything our clinical team needs to begin providing care from day one.

Te Tahi Youth already provides thousands of appointments to young people each year. This investment helps ensure the new Eastgate site is fully equipped to continue that work from the moment it opens. Your support will help create a welcoming, fit-for-purpose clinical environment where rangatahi can access free healthcare alongside the other support they need.

A practical way for your business to support Te Tahi Youth

By equipping a clinical room, your business will be recognised as a supporter of Te Tahi Youth at Eastgate, helping create a welcoming and lasting environment for rangatahi.

The project is nearly complete. Help us get the final pieces in place.

Get in touch with Sarah to find out how your business can be part of it.
